

At The Behavioral Health Hospital at Hebrew Senior Care we understand that aging brings unique challenges. Declines in physical and cognitive functioning, decreased independence or the loss of a family member can create mental health challenges - or simply exacerbate underlying ones. Our hospital care team specializes in serving the behavioral health needs of older adults for close to 20 years. Patients are co-managed by a psychiatrist and geriatrician who specialize in the care of seniors.

Our Expert Staff Includes

- Board Certified Psychiatrist with a focus on Geriatrics
- Board Certified Physician in Internal Medical and Geriatrics
- Psychiatric Mental Health Nurse Practitioners
- Recreation Therapists
- Occupational Therapists
- Dietitian
- Social Workers
- Nurses

Physicians on site 24 hours day.

Our patient-focused approach to behavioral health care ensures we meet patients' needs the best way we can.
